Dear Governor Abbott:

Pursuant to Texas Government Code Section 423.008, the Travis County Sheriff's Office submits the enclosed written report, detailing the required information on the operation of unmanned aircraft by the Travis County Sheriff's Office for the period of January 1, 2021 through December 31, 2022.

Sincerely,

Craig Smith
Major, Administrative Support Bureau

Enclosure

Cc: Lieutenant Governor Dan Patrick
Members of the Legislature

Introduction

Pursuant to Texas Government Code Section 423.008, the Travis County Sheriff's Office submits this written report, detailing the required information on the operation of unmanned aircraft by the Travis County Sheriff's Office for the period of January 1, 2021, through December 31, 2022. This report, as required by Texas Government Code section 423.008, is submitted to the Governor, the Lieutenant Governor, and each member of the legislature. This report contains the following information, as required by Section 423.008 of the Government Code:

1. the number of times an unmanned aircraft was used, organized by date, time, location, and the types of incidents and types of justification for the use.
2. the number of criminal investigations aided by the use of an unmanned aircraft and a description of how the unmanned aircraft aided each investigation;
3. the number of times an unmanned aircraft was used for a law enforcement operation other than a criminal investigation, the dates and locations of those operations, and a description of how the unmanned aircraft aided each operation;
4. the type of information collected on an individual, residence, property, or area that was not the subject of a law enforcement operation and the frequency of the collection of this information; and
5. the total cost of acquiring, maintaining, repairing, and operating or otherwise using each unmanned aircraft for the preceding 24 months.

Unmanned Aircraft Systems serve to augment air operations and are excellent tools to deploy when manned aircraft are unavailable, if the mission is too dangerous for manned aircraft to be deployed, or when unmanned aircraft is deemed more cost effective than conventional aircraft. The Travis County Sheriff's Office (Sheriff's Office) determined that operation of an unmanned aircraft systems (UAS) program would assist the Sheriff's Office in operations. The mission of the Unmanned Aircraft Systems (UAS) Program (UAS Program) is to provide aerial support and assistance to Sheriff's Office personnel pursuant to the mission and requirements of a division within the Sheriff's Office.

Accordingly, in 2019 the Sheriff's Office undertook to certify its pilots as required by state and federal statute. In late 2019 the Sheriff's Office implemented use of UAS. Pursuant to section 423.007, Texas Government Code, the Sheriff's Office adopted rules and guidelines for the use of UAS as contained in its Unmanned Aircraft Systems Program Policy and Procedures (Policy). This Policy defines the missions, training requirements, command relationships, standardization, specific flight team responsibilities and duties, and the reporting requirements to which Sheriff's Office employees will adhere in order to operate and safely deploy UASs. Unmanned aircraft are be operated in a responsible manner consistent with Sheriff's Office policy, Texas State laws, and federal rules and regulations; ensuring that the privacy rights of the people in the State of Texas and County of Travis are respected.
