Sheriff's Office Co-Hosting Community Event

The Travis County Sheriff’s Office will be co-hosting a community event with Hot 93.3 FM and the I AM JR organization at Mendez Middle School, 5106 Village Square, on Friday, April 24th 2009, from 1:30 to 3:00pm.

The organization, I AM JR, is giving a motivational presentation to the students at Mendez Middle School to help improve their test scores as the students test into high school the last week of April.

The idea is to promote positive music, the message of personal empowerment, and achievement to middle school children. Having a strong message now, can better prepare students to stay focused on their future as they reach points in their lives where the pressure to "fit in" can sometimes lead to poor decisions.

We want children to dream and dream big. With the help of I AM JR, we want to focus on helping children keep those dreams alive and strong.

The guest speaker for this event is Enrique Pascal, Hip Hop Mogul Jay-Z's former promoter.
